

Receive Information

We request a contribution of any size to help with the project, and then we ship out a package the next day that tells you step by step how to get this implemented into your local school district. It also has all of the legal information for your school board members, letters from other school districts that have implemented it, the table of contents of the actual curriculum, and information on our organization.

Packages are sent first class mail and we ask that you call us after you receive it so we can walk you through the process step by step over the phone.

Ninety-two percent of the school boards that have been approached to date with this information, have voted to put our Bible curriculum in their school districts.

Please send your package contribution / package request to:
