

## Founding Fathers

The Bible was the foundation and blueprint for our Constitution, Declaration of Independence, our educational system, and our entire history until the last 20 to 30 years.

- "The Bible is a book worth more than all the other books that were ever printed."

Patrick Henry

- "It is impossible to enslave mentally or socially a Bible reading people. The principles of the Bible are the groundwork of human freedom."

Horace Greely

- "I have always said, and will always say, that studious perusal of the sacred volume will make us better citizens."

Thomas Jefferson

While President of the United States, Thomas Jefferson was elected the first president of the Washington, D.C. public school board, which used the Bible as a reading text in the classroom.

There was a secular study done by the American Political Science Review on the political documents of the Founding era, which was 1760-1805.

This study found that 94% of the documents that went into the Founding ERA were based on the Bible, and of that 34% of the contents were direct quotations from the Bible.

88% of students nationwide are educated in the public school system.
